create your own oasis of calm

because you
deserve the
best

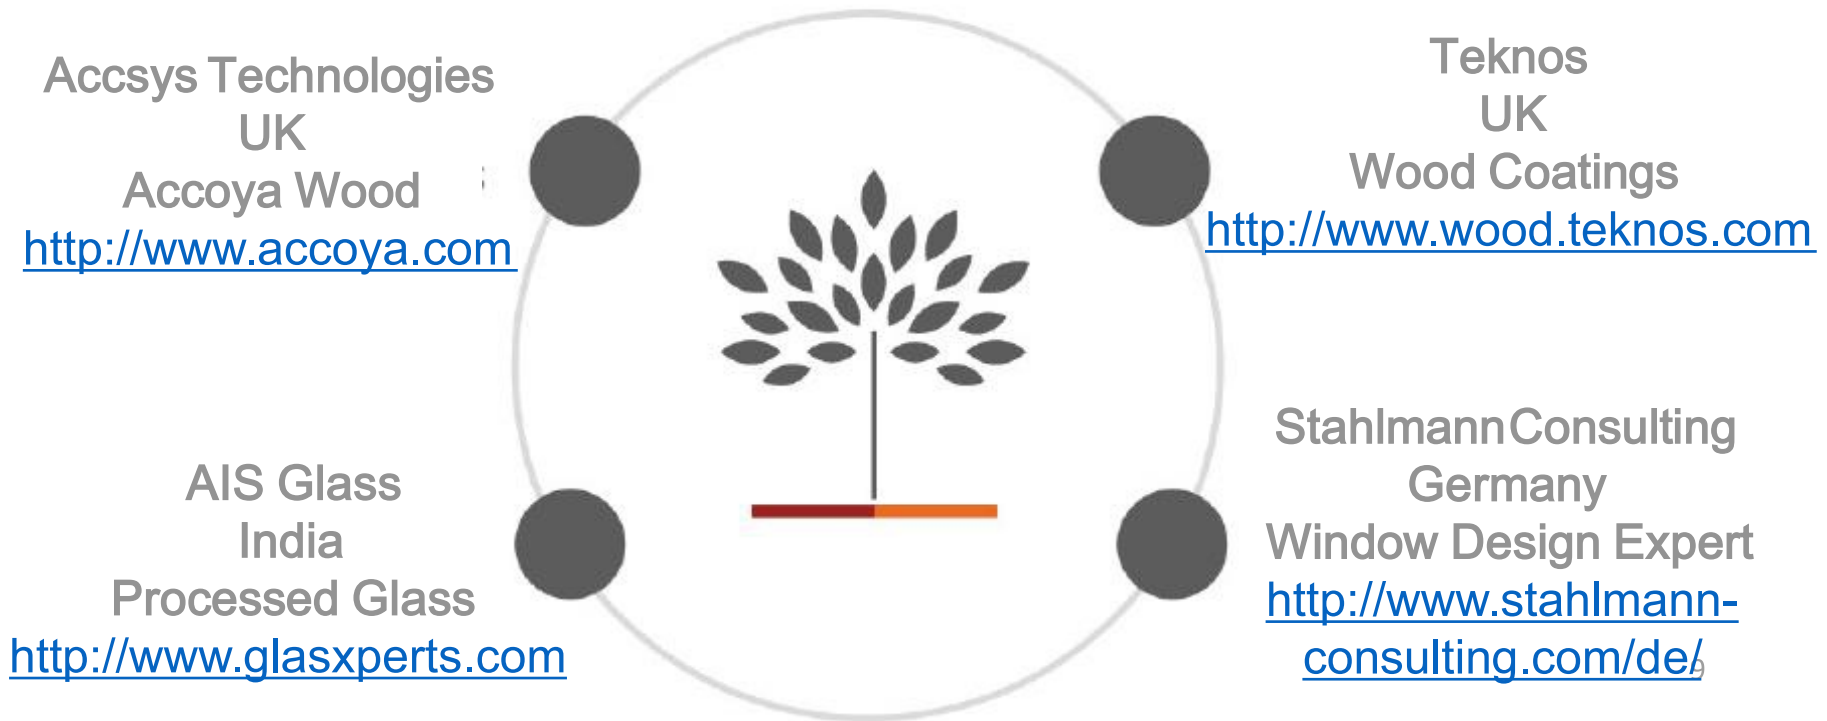

RitikaaWood - Journey so far

RitikaaWood Value proposition – End To End Solutions

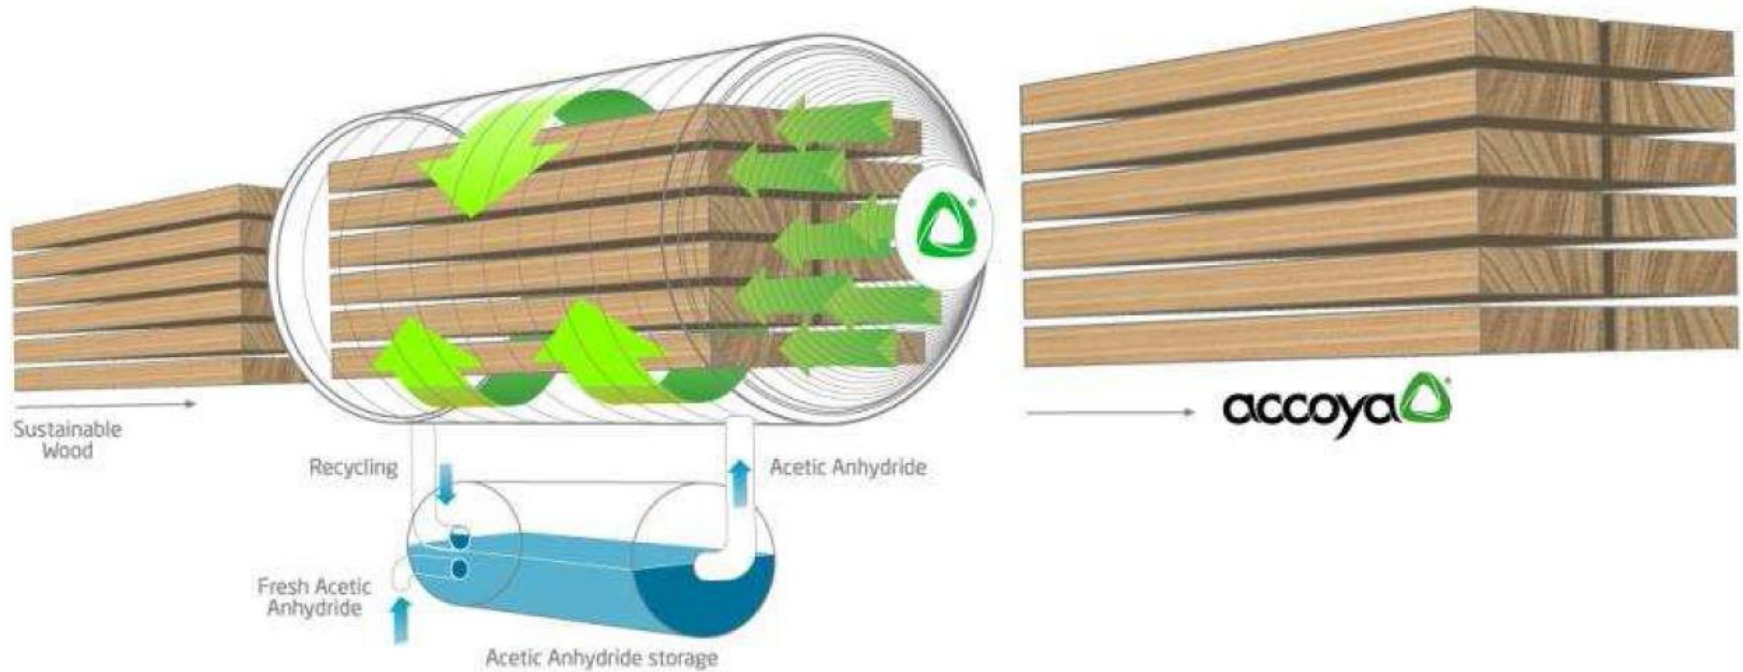

World Class Strategic Tieups

RitikaaWood Value proposition – Environment Friendly

- Wood from sustainable sources
- Low VOC Water based coatings
- High Performance Windows– energy savings

Accoya Wood

- Acetylation increases the amount of naturally occurring acetyl molecules and reduces the amount of hydroxyls
- Acetylation improves the timber's durability, stability, and service life
- Ideal for exterior applications such as windows, doors, cladding, decking and outdoor furniture

RitikaaWood is inherently stable and does NOT require lamination OR Fingerjointing of small pieces.

We arguably the only company in India who can provide 4200mm tall windows with single pieces of wood

- No Rotting
- No Bending
- No Warping
- 50 years Global Warranty
even when directly exposed to
Rain and Sun

RitikaaWood– Core Values

- World Class Products, Made with Pride in India
- Building on India's rich heritage of fine craftsmanship
- Indian Company, Global Outlook
- Learning from the World, Rooted in Tradition
